

KPRO
THE ULTIMATE KARAOKE SOLUTION

700 series
JR

“Quality never cost so good!”

COMBINE WITH STATE-OF-THE-ART CPU CONTROL TECHNOLOGY, THE **700 SERIES JR** GIVE YOU THE PROFESSIONAL KARAOKE ENTERTAINMENT SYSTEM YOU ARE LOOKING FOR!

Those same hi-fi engineers at KPRO, who brought fame across the globe to the acclaimed 900 Signature Series gathered to design the more affordable range.

The 700 Series JR consist of KS-100 Speaker system and KA-700DSP amplifier. The speaker system are made from KPRO engineered 10" fiber cone and 1 inch soft dome tweeters. The placement of each component have been painstakingly designed to give as close as the sound that 700 Series are famous for, good top end extension and excellent dispersion characteristics.

Driven by the popular KA-700DSP karaoke amplifier, it reproduces 200 watts of pure power. KA-700DSP karaoke amplifier utilizes DSP(Digital Sound Processor) and advance feedback eliminator for best vocal and music reproduction. This allow user to access wide range of controls and processing functions. Its user friendliness allows anyone to operate and fine-tune quality sound quickly and easily.
